MACHINE-ROOM-LESS AND MACHINE-ROOM ELEVATOR SOLUTIONS

KONE Scenic Elevators

Diamonds are forever

And so are KONE Scenic Elevators. Decorate your exclusive interior with these jewels in Retail, Cruise ship, Hotel or high-end Office project. The dynamic front of scenic elevators really brings your building alive.

Enjoy the view

Transparent, unobstructed view through the building atriums boosts the sales in Shopping centers. Transparency increases safety in public places. Impressive views on a short journey through the building is a highlight of the day for your tenants and visitors alike.

KONE Scenic elevator range opens the views in all applications

Luxury

Exclusive hotels and cruise ships are made to spoil the guests with luxurious atmosphere and rich design. With the wide variety of decorative options KONE scenic elevators are made just for that.

Window shopping

In shopping centers and department stores experiences make customers to stay and return. Unobstructed views through and from the scenic elevators maximize the visibility of shop windows and likelihood for spontaneous shopping.

Modern

In transit centers like airports and railwaystations the modern, clean look achieved with steel or glass surfaces is not only practical for cleaning or improving the safety of these public places, but sets you on a journey to the future.

Dynamic

Office building with an impressive scenic group of elevators tell a story about a company with a long range view and dynamic attitude. True uplift for the business.

GRANDEUR OF THE SEAS

Proven technology

KONE Scenic elevator is actually art in moving with the smart appearance as well as the perfect ridecomfort.

Technology behind the range of Scenic elevators is the same EcoDisc® used in other KONE products. This brings the best tested hoisting solutions in your building and ensures utmost reliability.

Scenics are available both with MRL KONE MonoSpace® and SMR KONE MiniSpace™ elevator platforms. Special construction of KONE MonoSpace enables very minimalistic and light top structure of the shaft.

Show me around

A journey through the scenery is just a button push away. Elegant selection of KDS buttons and signalling devices give a finishing touch to your elevators.

Signalization

KONE Scenic elevators are equipped as a standard with the top end KDS300 series signalisation.

A broad range of options is available to customize your elevator to your wishes

KONE provides innovative and eco-efficient solutions for elevators, escalators and automatic building doors. We support our customers every step of the way; from design, manufacturing and installation to maintenance and modernization. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings.

Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the life-cycle of the building. We challenge the conventional wisdom of the industry. We are fast, flexible, and we have a well-deserved reputation as a technology leader, with such innovations as KONE MonoSpace®, KONE MaxiSpace™, and KONE InnoTrack™. You can experience these innovations in architectural landmarks such as the Trump Tower in Chicago, the 30 St Mary Axe building in London, the Schiphol Airport in Amsterdam and the Beijing National Grand Theatre in China.

KONE employs over 32,500 dedicated experts to serve you in over 50 countries.
